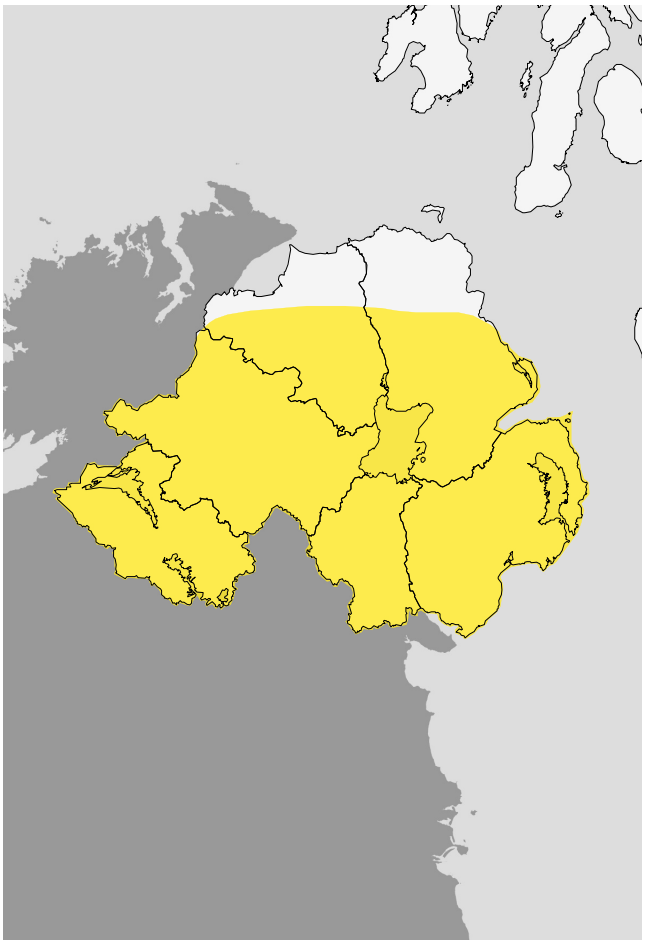
Yellow warning
Rain

Between
00:00 Sat 5 Aug 2023 and
11:00 Sat 5 Aug 2023



Storm Antoni is expected to bring unseasonably wet and windy conditions and may lead to some disruption on Saturday morning.

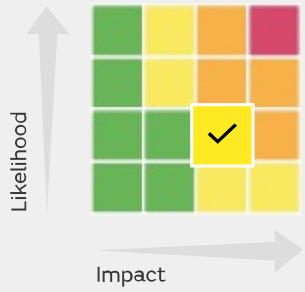
What to expect

- Homes and businesses could be flooded, causing damage to some buildings
- Fast flowing or deep floodwater is possible, causing a danger to life
- Delays or cancellations to train and bus services are possible
- Spray and flooding could lead to difficult driving conditions and some road closures
- Some communities may be cut off by flooded roads

Further details

Heavy and persistent rain will spread across Northern Ireland during Friday night before clearing from the west Saturday late morning and early afternoon.

Widely, totals of 20-30mm of rain are possible with the heaviest and most persistent rain expected in the south, and perhaps also east of the country, affecting parts of County Down and Belfast. Here 40-60mm is possible in some places with perhaps as much as 20-30mm of this falling in 3 or 4 hours. Meanwhile, 70mm may fall over parts of the Mourne Mountains.



Low likelihood of medium impacts
